### Monarch For Nazis Rumored

BERLIN, Oct. 27.—An official Nazi spokesman today branded as "utter nonsense" reports in a Paris newspaper that Chancellor Hitler was contemplating restoration of a German monarchy.

PARIS, Oct. 27.—Chancellor Hitler plans to re-establish a German monarchy to perpetuate Nazism, a dispatch to the newspaper L'Information from Bern, Switzerland, said today. The dispatch cited "closely informed sources on German affairs" as its authority.

Hitler has decided on the Brunau-Lindenberg (German) form of monarchy, the use of former Kaiser Wilhelm III. as the monarch.

**LIFE CHANCELLOR**  
The head of the Brunswick-Lüneburg house is Prince Ernest Augustus of Hanover, Germany.

The prince, the newspaper said, was taken as the best means of perpetuating the Nazi regime as the Prince was said to have promised to make his son, Prince Duke of Brunswick, and Princess Thérèse of Denmark.

He lives in Austria.

## JOBS AHEAD FOR IDLE BY HOUSE LOANS

Purchase of Materials Also  
Big Item, Commission  
Declares

OTTAWA, Oct. 27.—The government's new home improvement plan will give the unemployed building trades workers a chance to approach his problem of finding a job in an entirely new way, it was stated at the National Employment Commission today.

The commission suggested out-of-work members of building trades unions can now look about them, find homes in need of repair, estimate the cost of making improvements and tell the owner how much money he needs and how he can get it. In case of farmers, there is nothing to prevent them borrowing money to buy materials and doing the work themselves.

Under the regulations, money will be loaned on the basis of character and income. A farmer who can fulfill these requirements to the satisfaction of his bank manager will be in a position to borrow money for the purchase of materials, no matter whether he does the work himself or hires labor to do it. While the plan is in operation, plan is basically designed to provide employment, the commission emphasized.

It is considered by the commission, accomplish this purpose.

### Two Days Given As Deadline

ON THE MADRID BATTLEFRONT, Oct. 27.—Heavy fighting raged over a wide front, today in a "human avalanche" of raw Madrid government troops made a desperate counter-attack on Fascists set to storm the capital. Caught by surprise, the Fascist high command hastened up artillery, tanks and armored cars to beat off the attack.

**GIBRALTAR, Oct. 27.**—The Madrid government forces here lost 35,000 men so far in the Spanish civil war, navy-persian sources here estimated today.

**TALAVERA DE LA REINA, Spain, Oct. 27.**—British and American newspaper correspondents captured by Fascists while on an expedition from Madrid, today said the capital was in a state of semi-starvation here.

"It is quite possible the militia will run from Madrid when it is besieged," Madrid news was taken within two days."

The correspondents were James Simpson, formerly of Vanguard, staff correspondent of the New York Herald-Tribune, Denis Weaver of the London News Chronicle and Henry Gorrell of the United Press.

**MEET FRANKO**  
The newspapermen, who went out to Salamanca for questioning by Generalissimo Francisco Franco, told of continuing retreat from the Socialist forces in what they described as "complete rout" after recent battles on the Madrid front.

**Lack of Birth Certificates  
Cuts Chances of Leading Mothers**

TORONTO, Oct. 27.—Legal complications over the question of registrations threatened to tie up Toronto's child-bearing race indefinitely today.

Lack of certificates for the births of several of the children they are eligible to receive had several mothers in the \$500,000 award led by Charles Vance Miller, awaiting the mother who has given birth to the most children in the 10 years ending Saturday.

**Mrs. Matthew Kenna**, self-styled leader, claiming 12 eligible, saw her chances cut off by three with the application of the registration law, but just as quickly announced plans to establish her claim.

**OTHERS SUFFER**  
Reports of either lack of registration or births outside the city were said to have tied Mrs. Alice Timlock, Mrs. Kathleen Hagan and Mrs. Pauline Clark, while Mrs. Annie Smith, claiming her nine to have been registered, improved her chances.

The spotlight shifted from Mrs. Grace Hagano when two of her children were found to be unregistered. She expects to give birth to another child this week.

Meanwhile, J. E. Weldon, K.C. counsel for Mrs. Kenna, made this statement: "Well, probably birth action to have the birth of these children proved."

## Il Duce Delivers Bumptious Speech At Fascist Rally

ROME, Oct. 27.—Premier Mussolini today said Italy was ready to "repel her heroic efforts against the empire." Il Duce's assertion was contained in his message to Italian Blackshirts on the eve of the beginning of the 15th year of Fascism.

"Italy is stronger than ever before," he said, "and ready to repel them against anyone in defence of the empire."

**VALOR CONQUERS**  
The march of Addis Ababa, Il Duce asserted, was a historical and logical consequence of the march on Rome in 1922 when Fascism began its rise to power.

"We have conquered our place in the sun. Our place is legitimate and the work which we shall carry on in Africa will be a contribution to civilization worthy of the 1,000-year-old traditions of Italy."

### SEE BENEFITS FROM HOUSING MODERNIZATION

Believe Government Plan  
Will Produce \$200,000-  
000 in Work

TORONTO, Oct. 27.—The prediction that the recently announced government housing modernization plan will produce at least \$200,000,000 in home improvement and repair work was made today by Kate C. Brock, vice-president of the Canadian Home-Maintenance Company, Limited, Toronto.

"This new measure opens up a most opportune time," said Mr. Brock. "Due to the strenuous conditions of the past few years many home owners have postponed necessary repair work. Now, however, one of the chief obstacles to the carrying out of such repairs has been removed by the introduction of this plan. It is planned by the minister of finance."

#### ADDITIONAL DOLLARS

The new government plan limits the total loans to be made by the banks for modernization purposes to \$200,000,000. Mr. Brock pointed out that the experience of the National Housing Act in the United States indicated that for every dollar loaned by the banks, the government would contribute four dollars additional in cash has been paid by home owners for modernization purposes through such a campaign.

Present low costs of materials and labor also make it possible to present incentives to the home owner to take advantage of the new government plan. Mr. Brock pointed out that greater values than ever before have been made during the war years by making it possible for home owners to obtain better materials at lower prices than in the past.

"The new loan plan," said Mr. Brock, "is a very real step forward for the home owner for the improvement of his property usually results in an increase in its value. It is to the country as a whole that the benefits of this plan will be felt in any way."

#### INCREASED ACTIVITY

Renewed and increased activity in the home improvement industry will be directly and indirectly, every line of business, thinks Mr. Brock. Larger local payrolls mean more work for many local tradesmen. The butcher or furniture dealer. More sales for the hardware store. Increased production by manufacturers, increased activity in the home improvement industry through other local merchants. "Every chamber of commerce and every city organization," concluded Mr. Brock, "should line up wholeheartedly behind the government plan and bring it into operation through the cooperation of all chambers of commerce and all other Canadian bodies."

## RECORD COLD FOR THIS TIME, AT WINNIPEG

U.S. Northwest and Canadian Prairies Start to  
Butt on

WINNIPEG, Oct. 27.—Residents of the Canadian prairies and Manitoba in particular registered the approach of winter with little relief today as the weather man reported the coldest October temperature ever experienced here.

Minimum recording in Winnipeg during the past 24 hours was six below zero. Only twice previously had the mercury dropped below zero in October, once in 1912 when the temperature was 10 below zero.

Readings were well above zero elsewhere in the prairie but freezing temperatures were general and the forecast promised no change for the better.

At Brandon, 120 miles west of here, was even lower at eight below.

### POGMORE WAS MURDERED SAY BYEMOOR JURY

Teacher Says Flash From  
Rifle Blinded Him For  
Moment

BYEMOOR, Alta., Oct. 27.—After hearing four witnesses and deliberating for 10 minutes, a coroner's inquest jury yesterday found that George Pogmore had been fatally murdered by one person or persons unknown at his farm home near here on the night of Sunday, October 18.

Byemore is about 125 miles northeast of Calgary.

Three of the witnesses testified they were playing cards with Pogmore when a bullet fired through the window struck him in the right temple.

Frank Willis, teacher at the nearby school, said he was sitting directly opposite the window and was somewhat blinded by the glare from the light when he saw the bullet enter the window from a point just outside the window.

The fourth witness was James Pogmore, the brother of the slain man who notified police at Calgary, Alta., of the tragedy.

The inquest was presided over by Dr. C. R. Coulson of Calgary, and was held at the home of the slain man's father, Mr. George Pogmore, and the farmer's wife in Edmonton in connection with the killing.

# Co-operation with Government Urged In City Campaign

## ENVOY URGES EXPANSION OF EMPIRE TRADE

### Better Balance Between Dominion and Great Britain Commerce Needed

Warning that the United Kingdom cannot indefinitely continue importing from Canada ten times more annually than Canada imports from her and urging an expansion in the commercial relations of the various units of the Empire, A. L. Wilson Goode, C.M.E., trade commissioner for the department of Overseas Trade, made a vigorous appeal Tuesday to local business firms to manifest greater co-operation in trading with the Mother Country.

The trade ambassador, explained he has served for the past 20 years in various posts throughout the Empire seeking to promote the trade of British goods in the various units of the Empire. He came to Vancouver in 1932 to become trade commissioner for British Columbia and Alberta.

**DEMANDS ATTENTION**  
It is self-evident, he said, that this enormous adverse balance of trade between Canada and Great Britain demands attention. There is no justification for the belief that Canada can continue to export all these goods from this country, because there are other sources of supply that can provide these goods as economically. The United Kingdom purchases almost the entire salmon pack of British Columbia and about 90 per cent of the lumber output of the province under her jurisdiction. It is suggested that it cannot get such supplies elsewhere.

He pointed out, however, that there was a growing interest in increasing British trade now prevailing in Alberta. The chief difficulty confronting the province is the lack of adequate facilities in reducing the freight costs of goods from the province. The unbroken contact between dealers here and those overseas, he said, are "living on a hand to mouth basis, buying their new supplies from Eastern Canada at short notice, and until they receive some encouragement from the consumer they cannot fulfill their expressed desire of enhancing the sale of British goods."

**PERIODIC VISITS**  
Mr. Goode declared he hopes to visit Edmonton periodically and expressed the wish that on his next visit he could be accompanied by a representative of the province who has improved that the demand for Vancouver-made goods will have been greatly heightened. He leaves for Vancouver on Wednesday.

**J. A. McDonald On Grande Prairie Deal**  
James Angus McDonald, 75, of Grande Prairie, died in Edmonton, Monday. He is survived by one brother, A. F. McDonald, also of Grande Prairie, and a daughter, Mrs. Josephine McDonald, of Edmonton.

He was married to a daughter of the late J. A. McDonald, who died Wednesday at 9 a.m. from a heart attack at the Edmonton hospital. His wife, Mrs. J. A. McDonald, will officiate. Howard and McDermid will be in charge of the funeral.

# DEBTS ACT IS CHALLENGED IN COURT ACTION

## Validity of Recent Alberta Legislation Will Be Tested

The Reduction and Settlement of Debts Act, passed at the recent session of the Alberta legislature, will be tested in the courts of the province in whole or in part, if not ultra vires as a debt created before the date of its enactment. The act, which is now in force, provides for the reduction of debts of insolvent debtors to the level provided in the Municipal Securities Act, namely, 3 per cent.

**MOVING PROBLEM**  
The candidates declare that "for the accomplishment of this objective by negotiation of the act," the Social Credit platform for the school trustee campaign also issued on Tuesday.

Both platforms were drafted by the platform committee, consisting of Aldermen Charles Gault, Guy Patterson and Eliza East, assisted by the candidates, William Bullock, Dan Powers and Eric Sheppard, and board members Mr. J. G. Gilchrist and A. D. Bruce and committee men D. B. Gillies, G. B. Willis, Clayton Adams and J. McPherson. The organization as a whole has been working for some time to bring about a change in the law.

**PARTY PLATFORM**  
Below is the alternative platform of the Social Credit party.

We stand for the principles of Social Credit, and we stand for the government in their debt and interest. We stand for the reduction of the debt of the province and the reduction of the interest on the debt of the province. We stand for the reduction of the debt of the province and the reduction of the interest on the debt of the province.

**TO AID JOBLESS**  
We stand for a real work program for the unemployed, and to give our taxpayers some substantial return for the money they pay in taxes.

We stand for the utmost economy in the government, and to give our taxpayers some substantial return for the money they pay in taxes.

We stand for the reduction of the debt of the province and the reduction of the interest on the debt of the province.

# Move to Defer Power Plant Purchase Until After Election Charged

## Charging that "a high city official" had informed an agent for Parsons Engineering Co. of the purchase of a \$220,000 turbo-generator for the Edmonton power plant should be hoisted until after the November 12 municipal elections, Mayor Joseph A. Clarke, K.C., agreed with a majority of aldermen at Monday night's meeting of city council that immediate steps should be taken to buy the necessary equipment.

On a motion by Ald. Eliza East, council instructed commissioners to complete negotiations for the purchase of the turbo-generator for the purchase of the generating unit providing financing terms of the purchase of the turbo-generator. The motion was made Tuesday by Mayor Joseph A. Clarke, K.C., and a majority of aldermen at Monday night's meeting of city council that immediate steps should be taken to buy the necessary equipment.

**CITY REQUESTS CONCESSION ON ALBERTA BONDS**  
Will Ask Province to Accept Lower Rate on City Debentures

Support was given by city council Monday night to a motion by Ald. J. W. Fry providing that the interest on the bonds of the city should not be expected to pay full interest on Edmonton bonds held by the province. He suggested that either the province be requested to accept a lower rate of interest from the city or that the bonds be arranged in order to make up the difference.

**DEFERRED DELAY**  
Ald. Fotele declared any delay in installing the necessary equipment. "I probably never be back on city council," he said. "But there's a lot of things I can do for the city. I mean this when I say it. We do not want to be in a position of being asked to pay for the equipment. We want to be in a position of being asked to pay for the equipment."

**At this juncture, Mayor Clarke**  
told council he had been informed by an agent of the Parsons Engineering Co. of the purchase of a \$220,000 turbo-generator for the Edmonton power plant. He stated that the agent had informed him that the purchase of the turbo-generator should be deferred until after the November 12 municipal elections.

## LOOKING THEM OVER

By JACK KELLY  
If You Dream of Cash It May Be Fortune—Or The Furnace.  
Fighters Are Busy

IF YOU have ever bought an Irish Sweepstake ticket, and the great majority of folks at one time or another, you have probably idled away a good many luxurious hours of bewilderment with the thought of just what you would do if a cable arrived announcing that you had drawn a horse. When Walt Snowden, holder of the ticket on Dan Bulger in the Cambridgehire, dropped in the other night to see what the latest call-over odds on his horse were, we enviously consider this stouthead of Lady Luck and inquire how he is looking up under the shock.

"Well I was sort of prepared for it," he confides with a grin. "A couple nights before the cable came, I dreamed about digging coal. It was piled up all around me as high as a barn. I never was a miner, so figured it might mean something. The next morning I dug up a dream book that was lying around the house and looked up the meaning of coal. Sure enough, there it was, 'sudden riches.' I felt sure then that I was going to click on the sweepstake and I was sort of expecting the cable."

There you are. Maybe you don't believe in dreams and hunches, but you've got to admit that this one clicked. Last night we dreamed about coal, but when we gleefully arose and began bragging to face a sudden influx of wealth we discovered that the only source of the fortune was a firm announcement from the head of the household that the furnace needed stoking. Some guys get all the luck!

### Buying Favorites Pays Big

OUT of the Irish Sweepstakes has grown one of the safest and most profitable ventures in betting—buying tickets that have been drawn on the favorites. When Dan Bulger was wired a \$10,000 cash offer for a half interest in Snowden's ticket, he was playing this big time chic.

Sidney Freeman, a famous English turf man is generally credited with figuring out this "hot thing." As soon as the U.S. ticket holders are announced, he rushes to New York and tries to buy tickets on the first three favorites. His price is \$24,000 for first choice, \$20,000 for second choice and \$16,000 for third choice.

He prefers to buy on the Grand National and Derby. He can generally round up the three first choice tickets for around \$60,000 and if those horses run true to form he makes net profit of \$215,000. The most he can lose is \$52,500 owing to payoffs on every ticket drawn on a starter. However, Freeman makes few mistakes in picking winners for these big races and generally covers up all possibilities of loss by buying tickets on the outsiders he considers most dangerous. He can generally get these tickets for \$5,000 or \$6,000. So far his system has worked perfectly. In the event that ticket holders will not sell outright, he buys the biggest share from them that he can, his profits still remaining in the same proportion to his investment.

### Alberta Fighters Busy

BOXING is staging a rather impressive revival just now in Saskatchewan cities and appears to be warming up here in Alberta. The other night at Moose Jaw, Emil Leist of Medicine Hat scored a seventh round knockout over Kid Dalke. Friday night at Saskatoon, Luke Weisgruber of Barhead went down for the count in the sixth round of a headline bout with Warner Filmer. Kid Alcide of Clinton is down from a summer in the far north, fit and ready for a month of heavy training here under Fred Osborne before going to Seattle for a series of fights. Old Perkins who scored four kayos in four starts at Montreal is expected back in Edmonton shortly.

### Dan Bulger Tops

#### Stake Favorites

#### Newmarket Race

LONDON, Oct. 27. — Sir Alf Bulger's Dan Bulger was still the leading choice for the Cambridgehire stakes, according to Monday's culivore of odds. Dan Bulger was quoted at 5 to 2 for the handicap event, Wednesday at Newmarket. Three horses were held as second favorites at 10 to 1 — Sir Alfred Bull's Noble King, Lady Bull's Alval and G. Ashworth's Pegu.

### Larrapping Lou's Wahoo Yells May Make Him Tarzan In Movie Scenes

#### Gehrig's Actions Are Interesting To Director

By RAY COLLETT

HOLLYWOOD, Oct. 27. — Mr. Henry Louis Gehrig the New York Yankees first baseman, stepped up to the plate one day during the recent world series and wowed his ponderous bat and his mighty chest and emitted a Wahoo yell. In fact he uttered two Wahoos, the second a little more full and deep than the first. Over his head, repeated camera clicks and newswire announcements registered the wahoo for posterity.

#### SO FAME CAME

In a theatre shortly after the world series was history, a film director who had never heard of Lou Gehrig, was shown a picture of the Yankee slugger. He was so impressed by the picture that he decided to make a picture of Lou Gehrig. He is now making a picture of Lou Gehrig. He is now making a picture of Lou Gehrig.

#### HE HAS THE POINTS

If you look closely at the picture you can quite tell, in addition to the wahoo, Mr. Gehrig has a nice hairy chest, smartly bulging muscles, a distinctly dimpled smile and slightly bowed legs. The bowed legs, we learn, to point out are an asset, in any prospective Tarzan—they add a similar touch. All in all, the Yankee ball-batting lord is a very capable jungle lord.

The fly in the ointment is the fact that Lou Gehrig or Henry Louis has shown a tendency to baseball that is positively amazing. In fact it is a record-breaking

devotion and merriment faces the not so simple task of diverting Lou from one first love—sportively that is, of course. Also there is the question of his ability to pass screen test. Money might be used to overcome the first objection and producer Lewin has an idea that Lou wouldn't find it so hard to manage the second. So what?

#### AND OF THE FUTURE?

So it means that a new Tarzan of the Apes may be in the making

#### "TARZAN" GEHRIG

mark well we said MAYBE—that a vacancy at first base for the New York Yankees may be looming, and that two slightly worn Tarzans may soon be on the market. To date Johnny Weismuller, who also started his public appearances on the sport page, though in a swimming sense, has shared the job of Tarzan. If Lou Gehrig is to replace Crabe, yet a third ex-posit

"Would seem logical to suggest that Weismuller and Crabbe—the two of them—take over the job of playing first base for Colored. In the way that Gehrig did, while Lou carries on as the new Tarzan."

But the biggest question of all is—could it?

### Chess Executive

#### To Meet Tuesday

#### At New Library

A meeting of the executive of the Edmonton Chess Club will be held in the lecture room of the new library on Tuesday, October 27, at 7:30 to arrange the coming tournament for the city championship.

The club meets for play and study on Saturday night at 7:30 and Saturdays at 2 p.m. at the library. A special interest is extended to newcomers who wish to play the game.

An interesting feature of the play on Saturday night will be the simultaneous chess. Mr. Holloway, the present city champion will play the entire club separately.

He hopes to duplicate his feat at 7:30 to arrange the coming tournament for the city championship.

### Three Strong Teams to Campaign in City Junior League—Coaches Hopeful

#### TIES SCORING

#### WITH WELCH

With the iron nearly ready to beat in anticipation of coming cold days, coaches and players of the Edmonton Junior League teams are casting watchful eyes either and forth for available material and good timber.

Encouraging news is leaking out from every camp and everything points to a banner year for the "chump and dundie" league.

While no ice is available yet, it will be long and hard preparation is a popular motto in the junior loop.

In as past years three teams will be in the junior loop.

The Edmonton Athletic Club under the guidance of Coach Dan Carriag will have all their players except Walter Rimstad and Billy Smith.

Many over age.

All teams will be hit to a certain degree by the late limit rule, but each will have enough seasoned material left from last year to provide a solid background around which to build a team, with the new players and ex-juniors coming up.

South Side Safeways and North-West United will be hardest hit. Rangers will have easily been left out of last year's team, while South Side will have approximately the same number.

The E.A.C.'s players will have all their players except Walter Rimstad and Billy Smith.

### Cop Final Contest By Margin Of 11-10 Against Separate

#### Winners Display Finest

#### Game Taking Lead From

#### Start to Finish; Held

#### Down Until Second.

Technical Bantams pulled down the first championship honors in the playing history of that school last night when they defeated the Separate squad by a 11-10 score in the final fixture of the league.

Coach Eby brought his 11 riders up from a cellar position by defeating Victoria last week in the semi-finals and repeating the triumph when pitted against the league-leaders.

Technical displayed a game of unprecedented caliber in the semi-final, taking the lead in action from the starting whistle.

It was not until the second quarter that the victors were able to chalk up their first tally. Frank Puzio made a brilliant play when he ducked the Separate line, came through safely with the ball and commenced his fifty-yard sprint from the field.

Skipmore was responsible for an equally excellent play when he intercepted a Separate forward pass in the third and ran thirty yards to the goal.

Separate's rally in the third was thwarted by a luckless conclusion in the trying moments of the game when Technical felt certain of their hard-earned victory.

O'Connor made a bid for first by kicking up a punt, but it was made by Separate. The first punt was made by a buck on the Technical three-yard line. After a minutes' play, Separate broke loose again, three yards and a half, and scored by passing the ball down in the goal line, just before the whistle for the end of the game. Separate tied the convert that was unsuccessful, leaving the score 11-10.

Buffalo Bisons Start Training

NIAGARA FALLS, Ont., Oct. 27. —Buffalo Bisons, of the International-American hockey league, opened their training camp at the local arena Monday when eight players reported to Manager Frank Nighbor, and a two-hour light workout was held.

Those taking the ice were: Alex Woods, Art Berliet, Tully Readable, Stanley Lademarc, and Norm Locking.

Remaining members of last season's team were expected last night.

## OPEN VERDICT AT PROBE INTO EMBERG DEATH

Coroner's Jury Unable To Say Who or What Was Cause of Death

Deliberating less than 20 minutes, a coroner's jury returned an "open verdict" at the inquest into the death of David Emberg, 37, 1234-12 street, who died of injuries received when his car crashed head-on with a truck driven by Robert W. McKelcher, four miles east on the Cooking Lake trail, at 7:30 p.m. Friday, October 16. Provincial Coroner Dr. E. A. Brathwaite presided at the hearing Monday in Howard McKelcher's parlour.

As a rider, the jury submitted the following statement: "We find that owing to the carelessness of the driver, the cause of the fatal accident."

Members of the jury were Dr. P. H. Hays, foreman; Dr. Flynn, John Norington, Joseph Loney, D. J. O. Rober, Robert J. Webb.

Robert W. McKelcher, driver of the truck, testified at the hearing, but was not sure what happened at the time of the accident, and it was under the cross-examination of Mrs. Emberg's counsel, George Purvis, that he admitted several outstanding facts.

In his evidence, McKelcher said that he was blinded by the glaring lights of Emberg's car and also stated that it was on the wrong side of the road.

William Bakkan, nephew of Emberg, who was riding with him in the car, testified that he wasn't paying a great deal of attention to the highway. He said he didn't know the car was on the wrong side of the road and was positive that the car was on the wrong side of the road.

He claimed that McKelcher's head lights were very bright.

**WITNESS QUESTIONED**

Mrs. D. Wildermuth, passenger with McKelcher, testified that Emberg's car was on the wrong side of the road and that the lights were very bright.

Others who gave evidence were: Dr. McGregory, S. Savage, Watson, Constable J. E. Hallett, of the C.M.P., and Louis Wenzel.

Both counsel, S. Bruce Smith for McKelcher and George Purvis for Mrs. Emberg, addressed the jury just before they retired.

**2-Year Term For Mayor Effective If Voters Favor**

Proposed two-year term for mayor will become effective immediately if a majority of Edmonton electors vote in favor of the plan at the November 12 civic elections, it was reported Monday.

The provincial legislature early this year granted the city a charter amendment providing for the election of a mayor on condition that the city submitted the question to voters at the November elections. A plebiscite will be taken, and the plan is adopted the mayor elected this year will hold office for two years instead of one as at present.

Mayors of several other large Canadian cities are elected for a two-year term.

MONTREAL, Oct. 27.—Albert J. Johnson, 83, general medical practitioner in Montreal for 37 years, died at home yesterday. Dr. Johnson was a native of South March, Ont., and a graduate of University of Manitoba and McGill.

## Stalin As Politician

The older generation in Russia may plot to overthrow Josef Stalin, but young Communists crowd around him in this picture taken at a Moscow airport, and the Soviet dictator grows that he is politically wise enough to make friends with the voters of tomorrow.

As a rider, the jury submitted the following statement: "We find that owing to the carelessness of the driver, the cause of the fatal accident."

Members of the jury were Dr. P. H. Hays, foreman; Dr. Flynn, John Norington, Joseph Loney, D. J. O. Rober, Robert J. Webb.

Robert W. McKelcher, driver of the truck, testified at the hearing, but was not sure what happened at the time of the accident, and it was under the cross-examination of Mrs. Emberg's counsel, George Purvis, that he admitted several outstanding facts.

In his evidence, McKelcher said that he was blinded by the glaring lights of Emberg's car and also stated that it was on the wrong side of the road.

William Bakkan, nephew of Emberg, who was riding with him in the car, testified that he wasn't paying a great deal of attention to the highway. He said he didn't know the car was on the wrong side of the road and was positive that the car was on the wrong side of the road.

He claimed that McKelcher's head lights were very bright.

**WITNESS QUESTIONED**

Mrs. D. Wildermuth, passenger with McKelcher, testified that Emberg's car was on the wrong side of the road and that the lights were very bright.

Others who gave evidence were: Dr. McGregory, S. Savage, Watson, Constable J. E. Hallett, of the C.M.P., and Louis Wenzel.

Both counsel, S. Bruce Smith for McKelcher and George Purvis for Mrs. Emberg, addressed the jury just before they retired.

**2-Year Term For Mayor Effective If Voters Favor**

Proposed two-year term for mayor will become effective immediately if a majority of Edmonton electors vote in favor of the plan at the November 12 civic elections, it was reported Monday.

The provincial legislature early this year granted the city a charter amendment providing for the election of a mayor on condition that the city submitted the question to voters at the November elections. A plebiscite will be taken, and the plan is adopted the mayor elected this year will hold office for two years instead of one as at present.

Mayors of several other large Canadian cities are elected for a two-year term.

**Doctor, 83, Dies**

MONTREAL, Oct. 27.—Albert J. Johnson, 83, general medical practitioner in Montreal for 37 years, died at home yesterday. Dr. Johnson was a native of South March, Ont., and a graduate of University of Manitoba and McGill.

## PARTY WORKER GETS RELIEF REINSTATEMENT

Council Cold to Man Who Allegedly Refused Road Work

Professing the recent action of the city in cutting him off relief following his refusal to take a job at 40 cents an hour on "road work," J. A. McPherson, campaign manager for the United People's League, for the civic elections, brought his complaint to city council Monday night. Aldermen passed a motion that he be placed back on relief for the time being, and that the question of his eligibility for city aid be discussed at a later date.

Mayor Joseph A. Clarke, C.E., informed council that McPherson's wife and three children were being cared for by the civic relief department.

**REFUSES OFFER**

McPherson claimed he had refused to do work at 40 cents an hour because it was less than the trade union rate of pay; also because the charge of 90 cents a day for board was too high.

Replying to a question by Mayor Clarke as to whether he was getting paid as campaign manager for the U.P.L., McPherson replied that he was not working for any party in the elections but that he was "fighting to improve living standards" for the working people.

"We'd like you to work while you fight," suggested Ald. Elsie East, who objected to a relief case referring to a man who was being kept by people who themselves were hardly able to make a living.

Ald. Guy Patterson moved that McPherson be placed back on relief pending a decision on his case at a later date.

**THROW JOBS OPEN**

Objecting to such action, Ald. W. C. Cleve moved an amendment that the city reject the provincial government to throw open its road work jobs to anyone as well as unemployed. He was of the opinion that the unemployed did not want the jobs, but with part-time work might be glad to get them. The motion was carried.

He dealt with the amendment, and moved it as a notice of motion, and a majority of the aldermen supported Ald. Patterson's motion, and McPherson was placed back on the relief list.

**TRANSIENT DIES IN FREIGHT CAR**

WAINWRIGHT, Oct. 27.—When a lone car was found on the side line for three days was opened Monday morning, railroad men found a dead man, later identified as Stef Nedovic, Polish transient, aged about 40.

The man had been appraised by fumes from a coke burner with which the car was heated and apparently had been dead for some time before the car was opened.

When investigation had been made by Cst. C. F. Patterson, R.C.M.P., the body was taken to McLeod's undertaking parlour, and a funeral will be held at noon Tuesday at St. Hugo's church.

Letters in the man's possession showed that he had a home in Poland, but it was not known where he had come from recently. No inquest was held.

**Snaked One Out**

HALIFAX, N.S., Oct. 27.—Charles Perry, a road worker, reached into a hole to place some dynamite for blasting. He pulled out a six-foot snake.
